TAVERNIER RESOURCES LIMITED
ANNUAL REPORT 2017-18

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 ("the Act"):

Item No. 3

Mr. Sudhir Milapchand Naheta was appointed as Managing Director of the Company for a term of 5 (Five) years w.e.f. March 03, 2009 and was re-appointed as Managing Director of the Company for a term of 5 (Five) years w.e.f. March 03, 2014 on the terms and conditions as approved by the Members of the Company.

The Board, vide its Resolution dated May 13, 2014, had approved the re-appointment of Mr. Sudhir Milapchand Naheta as Managing Director of the Company for a period of 5 years with effect from March 03, 2014 and the same was ratified by the Members at the Annual General Meeting of the Company held on September 29, 2014. The said term would expire on March 01, 2019.

Since the term of Mr. Sudhir Milapchand Naheta as Managing Director of the Company will expire on March 01, 2019, the Board of Directors of the Company at its Meeting held on August 27, 2018 has approved re-appointment of Mr. Sudhir Milapchand Naheta as Managing Director of the Company for a period of 5 (Five) years w.e.f. March 02, 2019 in accordance with Section 196 of the Companies Act, 2013.

It is proposed to seek Members approval for the re-appointment of Mr. Sudhir Milapchand Naheta as Managing Director of the Company for a further period of 5 years with effect from March 02, 2019, in terms of the applicable provisions of the Act.

Mr. Sudhir Milapchand Naheta is interested in the resolution set out at Item No. 3 of the Notice. The other relatives of Mr. Sudhir Milapchand Naheta may be deemed to be interested in the said resolution of the Notice, to the extent of their shareholding interest, if any, in the Company. Save and except the above, none of the other Directors/Key Managerial Personnel of the Company/their relatives are, in anyway concerned or interested, financially or otherwise, in the resolution.

The Board recommends the Ordinary Resolution set out at Item No. 3 of the Notice for approval of Members of the Company.

MANAGEMENT DISCUSSION & ANALYSIS

Overview

This Management Discussion & Analysis Report presents the key performance highlights of the year 2017-18 pertaining to the Company's business. The Report has been prepared in compliance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. This review should be read in conjunction with the Company's financial statements, the schedules and notes thereto and other information included elsewhere in this Annual Report. The Company's financial statement have been prepared in accordance with Indian Accounting Standards (Ind AS), complying with the requirements of the Companies Act, 2013 and the guidelines issued by Securities and Exchange Board of India (SEBI). The Management accepts responsibility for the integrity and objectivity of the Financial Statements. However, investors and readers are cautioned that this discussion contains certain forward looking Statement that involve risks and uncertainties.

Industry Structure and Developments

Indian Economy

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organization (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's GDP is estimated to have increased 6.6 per cent in 2017-18 and is expected to grow 7.3 per cent in 2018-19.

India's gross domestic product (GDP) at constant prices grew by 7.2 per cent in September-December 2017 quarter as per the Central Statistics Organization (CSO). Corporate earnings in India are expected to grow by 15-20 per cent in FY 2018-19 supported by recovery in capital expenditure, according to JM Financial.

The tax collection figures between April 2017 - February 2018 show an increase in net direct taxes by 19.5 per cent year-on-year and an increase in net direct taxes by 22.2 per cent year-on-year.

India has retained its position as the third largest startup base in the world with over 4,750 technology startups, with about 1,400 new start-ups being founded in 2016, according to a report by NASSCOM.

India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrolment, among other factors, according to a study by ASSOCHAM and ThoughtArbitrage Research Institute.

India's foreign exchange reserves were US\$ 422.53 billion in the week up to March 23, 2018, according to data from the RBI.

With the improvement in the economic scenario, there have been various investments in various sectors of the economy. The M&A activity in India increased 53.3 per cent to US\$ 77.6 billion in 2017 while private equity (PE) deals reached US\$ 24.4 billion. Apart from this, there are important recent developments in Indian economy.

Indian Government is continuously striving hard to achieve the following:

- eradication of poverty and unemployment;
- uplifting the rural economy and strengthening of the agriculture sector;
- healthcare for the economically less privileged;
- infrastructure creation and improvement in the quality of education of the country;
- doubling the farmers' income in the coming years;
- creation of livelihood and infrastructure in rural areas;
- Improving the rail and road sectors.

Numerous foreign companies are setting up their facilities in India on account of various government initiatives like Make in India and Digital India. Mr. Narendra Modi, Prime Minister of India, has launched the Make in India initiative with an aim to boost the manufacturing sector of Indian economy, to increase the purchasing power of an average Indian consumer, which would further boost demand, and hence spur development, in addition to benefiting investors. The Government of India, under the Make in India initiative, is trying to give boost to the contribution made by the manufacturing sector and aims to take it up to 25 per cent of the GDP from the current 17 per cent. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy. Apart from this, the Government has undertaken recent initiatives and developments.

India's gross domestic product (GDP) is expected to reach US\$ 6 trillion by FY27 and achieve upper-middle income status on the back of digitization, globalization, favourable demographics and reforms.

India is also focusing on renewable sources to generate energy. It is planning to achieve 40 per cent of its energy from non-fossil sources by 2030 which is currently 30 per cent and also have plans to increase its renewable energy capacity from 57 GW to 175 GW by 2022.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) report; and is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by the year 2040, according to a report by PricewaterhouseCoopers.

Goods and Service Tax (GST)

Introduction of Goods and Service Tax (GST) and emphasis on cash-less transactions has provided a fillip to organized retail sector in India. GST was implemented from July 01, 2017 as the nation moved to "one nation-one tax" number of indirect taxpayers in the country witnessed growth of 50 per cent to 9.8 million unique GST registrants, as of December, 2017.

India's internal trade in goods and services (excluding non-GST goods and services) at 60 per cent is even higher than that estimated in last year's economic survey. The current GST tax base (excluding exports) is around 6.5 to 7 million, broadly similar to the estimates of Revenue Neutral Rate Committee and GST Council. Based on the average collections from GST, the implied weighted average collection rate (incidence) is 15.6 per cent. This is similar to the estimate of 15-16 per cent made by the RNR committee. Non-agricultural workforce in the formal sector in India is considerably greater than previously held beliefs about the size of formal sector non-farm payroll. Estimates, on the basis of enterprise-based definition of employment, imply that nearly 53 per cent of non-agricultural workforce is in the formal sector.

Gems and Jewellery

The Gems and Jewellery sector plays a significant role in the Indian economy, contributing around 7 per cent of the country's GDP and 15.71 per cent to India's total merchandise exports. It also employs over 4.64 million workers. One of the fastest growing sectors, it is extremely export oriented and labour intensive.

Based on its potential for growth and value addition, the Government of India has declared the Gems and Jewellery sector as a focus area for export promotion. The Government has recently undertaken various measures to promote investments and to upgrade technology and skills to promote 'Brand India' in the international market.

India is deemed to be the hub of the global jewellery market because of its low costs and availability of high-skilled labour. India is the world's largest cutting and polishing centre for diamonds, with the cutting and polishing industry

being well supported by government policies. Moreover, India exports 75 per cent of the world's polished diamonds, as per statistics from the Gems and Jewellery Export promotion Council (GJEPC). India's Gems and Jewellery sector has been contributing in a big way to the country's foreign exchange earnings (FEEs). The Government of India has viewed the sector as a thrust area for export promotion. The Indian government presently allows 100 per cent Foreign Direct Investment (FDI) in the sector through the automatic route.

Gold demand in India rose to 737.5 tonnes between 2017. India's gems and jewellery exports stood at US\$ 32.71 billion in FY2018. During the same period, exports of cut and polished diamonds stood at US\$ 23.73 billion, thereby contributing about 72.55 per cent of the total gems and jewellery exports in value terms. Exports of gold coins and medallions stood at US\$ 1,917.09 million and silver jewellery export stood at US\$ 3,385.65 million during FY 2018.

The gems and jewellery market in India is home to more than 300,000 players, with the majority being small players. Its market size is about US\$ 75 billion as of 2017 and is expected to reach US\$ 100 billion by 2025. It contributes 29 per cent to the global jewellery consumption.

India is one of the largest exporters of gems and jewellery and the industry is considered to play a vital role in the Indian economy as it contributes a major chunk to the total foreign reserves of the country. UAE, US, Russia, Singapore, Hong Kong, Latin America and China are the biggest importers of Indian jewellery. The Goods and Services Tax (GST) and monsoon will steer India's gold demand going forward.

The Gems and Jewellery sector is witnessing changes in consumer preferences due to adoption of western lifestyle. Consumers are demanding new designs and varieties in jewellery, and branded jewelers are able to fulfill their changing demands better than the local unorganized players. Moreover, increase in per capita income has led to an increase in sales of jewellery, as jewellery is a status symbol in India.

The cumulative Foreign Direct Investment (FDI) inflows in diamond and gold ornaments in the period April 2000 – December 2017 were US\$ 1,111.52 million, according to Department of Industrial Policy and Promotion (DIPP).

Some of the key investments in this industry are listed below:

An international diamond exchange will be set up in Surat by October 2020 at a cost of Rs 2,400 crore (US\$ 372million).

Companies such as PC Jewellers, PNG Jewellers, Popley and Sons, are planning to introduce a virtual-reality (VR) experience for their customers. The customer will have to wear a VR headset, through which they can select any jewellery, see the jewellery from different angles and zoom on it to view intricate designs.

The Government of India would notify a new limit for reporting about transactions in gold and other precious metals and stones to authorities, to avoid the parking of black money in bullion.

The Bureau of Indian Standards (BIS) has revised the standard on gold hallmarking in India from January 2018. The gold jewellery hallmark will now carry a BIS mark, purity in carat and fitness as well as the unit's identification and the jeweller's identification mark. The move is aimed at ensuring a quality check on gold jewellery.

The Government of India has planned to set up a Common Facility Center (CFC) at Thrissur, Kerala.

The Gems and Jewellery Export Promotion Council (GJEPC) signed a Memorandum of Understanding (MoU) with

TAVERNIER RESOURCES LIMITED ANNUAL REPORT 2017-18

Maharashtra Industrial Development Corporation (MIDC) to build India's largest jewellery park at Ghansoli in Navi-Mumbai on a 25 acres land with about more than 5000 jewellery units of various sizes ranging from 500-10,000 square feet. The overall investment of Rs 13,500 crore (US\$ 2.09 billion).

In the coming years, growth in Gems and Jewellery sector would be largely contributed by the development of large retailers/brands. Established brands are guiding the organised market and are opening opportunities to grow. Increasing penetration of organized players provides variety in terms of products and designs. Online sales are expected to account for 1-2 per cent of the fine jewellery segment by 2021-22. Also, the relaxation of restrictions of gold import is likely to provide a fillip to the industry. The improvement in availability along with the reintroduction of low cost gold metal loans and likely stabilization of gold prices at lower levels is expected to drive volume growth for jewellers over short to medium term. The demand for jewellery is expected to be significantly supported by the recent positive developments in the industry.

Trading in Shares and Derivatives

The derivatives market in India, like its counterparts abroad, is increasingly gaining significance. During the financial year 2017-18, the securities market in India and global as well, has performed decently. However, day-to-day fluctuations in stock market price are an usual scenario which indicates that the said sector is not stable. Since your Company is not actively engaged in dealing or trading in securities, derivatives and other financial intermediaries, the management has not taken any efforts to cover this sector.

Real Estate

The real estate sector is one of the most globally recognized sectors. In India, real estate is the second largest employer after agriculture and is slated to grow at 30 per cent over the next decade. The real estate sector comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations. The construction industry ranks third among the 14 major sectors in terms of direct, indirect and induced effects in all sectors of the economy.

As your Company is not profoundly engaged in real estate business, the management did not take utmost efforts to concentrate on this sector.

Opportunities and Threats

The consumer landscape has been continuously evolving and one has to keep pace with the changing trends in order to win consumer confidence. The Gems and Jewellery sector, Securities market sector and Real estate sector in India offers a significant growth opportunity to be tapped and appropriate strategies need to be formulated to capture this opportunity. The Company is capturing these opportunities by adopting various business techniques and strategies to attract the contemporary consumers. The Company's core business is leveraging its experience in the field of gems and jewellery segment rather than dealing or trading in securities market and real estate activities and building its business based on the gems and jewels theme across categories. Unorganised sector, threat from China, predominance of the US market, exchange rate/currency risk, high level of inventories, decreasing diamond reserves, competition from other luxury goods, beneficiation in mining countries, global economic slowdown, synthetic diamonds, issue of conflict diamonds and more are some of the threats to the company's prospects.

Segment-Wise Performance

As per Memorandum of Association, the Company has following as its main business activities:-

- Gems and Jewellery
- Trading in Shares and Derivatives
- Real Estate

TAVERNIER RESOURCES LIMITED

ANNUAL REPORT 2017-18

However the Company operates into one segment only i.e., Gems and Jewellery and has generated net sales of Rs. 1,436.33 Lakhs. Hence, segment-wise performance information is not required and accordingly not provided.

Outlook

An improvement in the macro-economic fundamentals is expected to ramp up demand by improving the overall consumer sentiment. The Company expects demand to pick up as and when the disposable income in the hands of consumers increases due to pick up in economic activity and various government initiatives. The company has a good mix of business activities to service the demands of consumers. We are well poised to effectively capture the growth opportunities in the coming years.

The management is optimistic of substantial growth in Company's business in the coming years.

Risks and Concerns

Business risks exist for any enterprise having national and international exposure. Tavernier Resources Limited also faces certain risks, the key ones being - a longer than anticipated delay in economic revival, decreased sales volume, competition, unfavorable exchange rate fluctuations, emergence of inflationary conditions, unexpected changes in regulatory framework and the overall economic climate and government regulations. The Company is well aware of these risks and challenges and has put in place mechanisms to ensure that they are managed and mitigated with adequate timely actions.

Internal Control Systems and their Adequacy

The company has set up an internal control system that functions at various levels of the organization. The system ensures compliance with the respective laws & regulations, efficiency of operations, optimum utilization of resources, disclosure and adequate reporting of financial transactions, proper administration at all levels of the organization.

The Audit Committee of the company periodically reviews and ensures adequacy of the internal control system prevalent at each level of the organization and passes on its recommendation to the management.

Discussion on Financial Performance With Respect to Operational Performance

During the financial year 2017-18 under review, the Net Sales of diamonds/precious stones augmented from Rs. 225.71 Lakhs in F.Y. 2016-17 to Rs. 1,436.33 Lakhs in F.Y. 2017-18, whereas the Company has earned Profit of Rs. 87.12 Lakhs as against that of Rs. 28.25 Lakhs in the previous financial year.

Material developments in Human Resources / Industrial Relations front, including number of people employed.

The Company appreciates that the performance level cannot be reached and sustained without the right quality of people.

With this belief, the Company has laid significant emphasis on its Human Resources practices. These are concerted efforts to ensure that the most appropriate people are recruited into the organization.

INDEPENDENT AUDITOR'S REPORT

To the Members of TAVERNIER RESOURCES LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **TAVERNIER RESOURCES LIMITED**, which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Companies Act 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018 and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.

TAVERNIER RESOURCES LIMITED
ANNUAL REPORT 2017-18

ANNEXURE B TO THE AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on other legal and regulatory requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Tavernier Resources Limited** ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended as on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements for the year ended 31st March 2018
(All amounts in Rupees Lakhs unless otherwise stated)

Company Background

Tavernier Resources Limited (hereinafter referred to as 'the Company') is a public limited company (listed on Bombay Stock Exchange) incorporated under the Companies Act, 1956. The company is engaged into dealing & trading of Gems & Jewellery in Domestic market as well as overseas mainly into Exports of Cut & Polished Diamonds. The company is also engaged in trading of shares and Securities and into real estate

Note 1 : Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1 Basis of preparation and presentation

(i) Statement of compliance with Ind AS

The company's financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 issued by Ministry of Corporate Affairs in respect of sections 133. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations require a different treatment. The financials for the year ended March 31, 2018 of the company are the first financial statements prepared in compliance with Ind AS. The date of transition to Ind AS is April 1, 2016. The financial statements upto the year ended March 31, 2017, were prepared in accordance with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 ("I-GAAP") and other relevant provisions of the Act. The figures for the year ended March 31, 2017 have now been restated as per Ind AS to provide comparability.

(ii) Basis of accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for - certain financial instruments that are measured at fair value in accordance with Ind AS.

(iii) Use of Estimates

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the accounting policies.

This note provides an overview of the areas that involved a high degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

(iv) Critical estimates and judgements

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable
- Recognition of revenue

Ind AS 101 treats the information received after the date of transition to Ind AS as non-adjusting events. The entity shall not reflect that new information in its opening Ind AS Balance Sheet (unless the estimates need adjustment for any differences in accounting policies or there is objective evidence that the estimates were in error).

2 Summary of significant Accounting Policies

a Property, plant and equipment

All items of property, plant and equipment are stated at cost (i.e. cost of acquisition or construction) less accumulated depreciation/accumulated impairment. Such cost includes purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

Transition to Ind AS

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities.

Hence, on transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation and Amortisation:

Depreciation on Property, Plant and Equipment is provided using the Straight Line Method based on the estimated useful lives of the assets and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013.

Impairment

At Balance Sheet date, an assessment is done to determine whether there is any indication of impairment in the carrying amount of the Company's assets. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount.

An assessment is also done at each Balance Sheet date whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. If any such indication exists the asset's recoverable amount is estimated. The carrying amount of the fixed asset is increased to the revised estimate of its recoverable amount but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss is recognised in the Statement of Profit and Loss for the year.

After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the fixed asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on Straight Line basis over its remaining useful life.

b Revenue Recognition

Revenue from sale of goods is recognised on transfer of all significant risks and rewards of ownership to the buyer. The amount recognised as sale is exclusive of sales tax/GST/VAT and is net of returns.

Income is accounted for on accrual basis.

c Inventory

Inventories are carried at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

d Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through Profit or loss), and
- those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

A company can subsequently measure all equity investments at fair value through Profit or Loss or through Other Comprehensive Income. As the company's one of the object is to trade in shares and securities, the company subsequently measures all equity investments at fair value through profit and loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss.

Security deposits

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the Company fair values these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit will be recognised as prepaid rent. Prepaid rent is recognised as an expense over the period of lease with corresponding recognition of interest income on the outstanding amount.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Derecognition of financial assets

A financial asset is derecognised only when:

- The company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the company has transferred an asset, the company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

e Transactions in Foreign Currency

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

f Trade receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

g Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction (in accordance with the Income Tax Act, 1961) adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unabsorbed depreciation (as per taxation laws) only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred income tax is provided on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The Company has thus disclosed the Income Tax Assets/ Liabilities on a net basis as the same is settled within the same tax jurisdiction, which is in line with Ind AS 12.

h Provision and Contingencies

The Company creates a provision when there exists a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

i Earnings Per Share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares,

and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

j Borrowing Cost

Borrowing cost includes interest costs incurred in connection with the arrangement of borrowings

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

k Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

l Segment reporting.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Board of Directors of the Company has been identified as CODM which also consists of key managerial personnel of the Company. Refer note 32 for segment information.

m Leases

As a lessee:

Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

n Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

o Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

TAVERNIER RESOURCES LIMITED
ANNUAL REPORT 2017-18

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

p Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to nearest lakhs as per the requirement of schedule III unless otherwise stated.

Note 30: First-time adoption of Ind AS

These are the company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note no. 1 have been applied in preparing the financial statements for the year ended March 31, 2018, the comparative information presented in these financial statements for the year ended March 31, 2017 and in the preparation of an opening Ind AS balance sheet at April 1, 2016 (the company's date of transition). In preparing its opening Ind AS balance sheet, the company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the company's financial position, financial performance and cash flows is set out in the following tables and notes.

A. Exemption And Exception Availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from Indian GAAP to Ind AS.

a) Ind AS optional exemption

Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments all assets and liabilities whose recognition is required by Ind AS. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value adjusted for certain adjustments whose recognition is required by Ind AS.

b) Ind AS mandatory exceptions

i) Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at April 1, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The company made estimates for following item in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Financial assets as well as financial liability recognised at FVPL

ii) Classification and measurement of financial assets

As required under Ind AS 101, the company has classified and measured the financial assets on the basis of the facts and circumstances existing at the date of transition to Ind AS.

INSTRUCTIONS

1. The Ballot Form is provided for the benefit of the members who do not have access to e-voting facility.
2. A member can opt for only one mode of voting i.e. either through e-voting or by ballot or by physically voting at the AGM. If a member casts multiple votes, then voting done through e-voting shall be considered valid. In case a member casts votes by ballot and also physically votes at the AGM, then the votes cast by ballot shall be considered valid.
3. The Scrutinizer will collate the votes downloaded from the e-voting system, the votes cast by ballot and the votes cast on poll at the AGM to declare the final result for each of the resolutions forming part of the Notice of the AGM.
4. Please complete and sign the Ballot Form and send it, so as to reach the Scrutinizer Ms. Sonal Shah, Proprietor of Sonal Kothari & Associates, Practising Company Secretaries (Membership No. ACS 24216; C.O.P No.: 8769). The last date for the receipt of postal ballot forms or e-voting shall be the date on which the resolution would be deemed to have been passed, if approved by the requisite majority. No other form or photocopy thereof is permitted.
5. The Ballot Form should be signed by the member as per the specimen signature registered with the Company/Depositories. In case of joint holding, the Form should be completed and signed by the first named member and in his/her absence, by the next named joint holder. A Power of Attorney holder (POA) may vote on behalf of a member, mentioning the registration no. of the POA registered with the Company or enclosing an attested copy of the POA. Exercise of votes by Ballots not permitted through proxy.
6. In case the shares are held by companies, trusts, etc., the duly completed Ballot Form should be accompanied by a certified copy of the relevant Board Resolution / Authorization.
7. Votes should be cast in case of each resolution, either in favour or against by putting the tick (✓) mark in the appropriate column provided in the Ballot Form.
8. The voting rights of the shareholders shall be in proportion of the share held by them in the paid-up equity share capital of the Company as on September 21, 2018 and as per the Register of Members of the Company.
9. A member may request for a duplicate Ballot Form, if so required. However, duly filled in and signed duplicate Ballot Form should reach the Scrutinizer not later than the date and time specified in serial no. 4 above.
10. Unsigned, incomplete, improperly or incorrectly tick marked Ballot Forms shall be rejected. A Form will also be rejected if it is received torn, defaced or mutilated to an extent which make it difficult for the Scrutinizer to identify either the member or as to whether the votes are cast in favour of or against or if the signature cannot be verified.
11. The decision of the Scrutinizer on the validity of a Ballot Form shall be final and binding.
