EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 ("the Act"):

Item No. 3

Section 188 of the Companies Act, 2013 and the applicable Rules framed thereunder and Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 provide that any Related Party Transaction will require prior approval of shareholders through ordinary resolution, if the aggregate value of transaction(s) amounts to 10% or more of the annual turnover of the Company as per last audited financial statements of the Company.

The Company had given loan / advances to Mega Township Developers LLP of Rs. 800 lakhs during the financial year 2015-16 pursuant to Agreement dated 4th August, 2015 entered by and between the Company and Mega Township Developers LLP and Board resolution passed on 25th July, 2015 and the same is ongoing as on date. The company has received Original Title document as security from Mega Township Developers LLP. However, Mega Township Developers LLP has not repaid the Inter-Corporate Deposit (ICD) amount along with interest accrued in spite of repetitive reminder.

Mr. Sudhir Milapchand Naheta, Chairman and Managing Director of the company, have become Designated Partner in Mega Township Developers LLP pursuant to agreement dated 01st January, 2022 ("Deed of Admission Cum Retirement") for this reason Mega Township Developers LLP has now become related party of the Company within the meaning of Section 2(76) of the Companies Act and Regulation 2(1)(zb) of the SEBI (LODR), 2015, therefore the Loan given to Mega Township Developers LLP in 2015 should be ratified by the Board by giving their approval as the transaction has now become a Related Party Transaction, subject to approval of the members of the Company.

Hence, approval of the shareholders is being sought for the said Related Party Transaction for loan / advances to Mega Township Developers LLP of Rs. 800 lakhs during the financial year 2015-16.

Pursuant to Rule 15 of Companies (Meetings of Board and its Powers) Rules, 2014, as amended till date, particulars of the transaction(s) with Mega Township Developers LLP are as follows:

TAVERNIER RESOURCES LIMITED ANNUAL REPORT 2021-22

Annexure I MANAGEMENT DISCUSSION & ANALYSIS

Overview

This Management Discussion & Analysis Report presents the key performance highlights of the year 2021-22 pertaining to the Company's business. The Report has been prepared in compliance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. This review should be read in conjunction with the Company's financial statement, the schedules and notes thereto and other information included elsewhere in this Annual Report. The Company's financial statement has been prepared in accordance with Indian Accounting Standards (Ind AS), complying with the requirements of the Companies Act, 2013 and the guidelines issued by Securities and Exchange Board of India (SEBI). The Management accepts responsibility for the integrity and objectivity of the Financial Statements. However, investors and readers are cautioned that this discussion contains certain forward-looking Statements that involve risks and uncertainties.

The Pandemic has left everyone affected globally one way or the other. It has caused huge disruptions in terms of economic activity as well as the loss of human lives. Nationwide shutdowns, economic slowdown have impacted various industries. Gems & jewellery is one of those many industries that have suffered majorly due to it as domestic demand and exports sharply crashed. One wave after the other is not letting this industry recover properly.

Festive season last year gave hope to the jewellery industry as things started getting back on track for them and a jump in sales was observed. However, another Covid wave during the wedding season made it again a bit challenging. It is the leaders of the Gems & Jewellery industry who are all set for this year with a calm & strategic mind as well as high spirits.

Industry Structure and Developments

Indian Economy

As of February 2021, India's gold and diamond trade contributed 7.5% to India's Gross Domestic Product (GDP) and 14% to India's total merchandise exports. The gems and jewellery sector is likely to employ ~8.23 million persons by 2022, from ~5 million in 2020.

Based on its potential for growth and value addition, the Government declared gems and jewellery sector as a focus area for export promotion. The Government has undertaken various measures recently to promote investment and upgrade technology and skills to promote 'Brand India' in the international market.

The Government has permitted 100% FDI in the sector under the automatic route, wherein the foreign investor or the Indian company do not require any prior approval from the Reserve Bank or Government of India.

In the coming years, growth in gems and jewellery sector would largely be contributed by the development of large retailers / brands. Established brands are guiding the organised market and are opening opportunities to grow. Increasing penetration of organised players provides variety in terms of products and designs. Online sales are expected to account for 1–2% of the fine jewellery segment. Also, the relaxation of restrictions of gold import is likely to provide a fillip to the industry. The improvement in availability along with the reintroduction of low-cost gold metal loans and likely stabilisation of gold prices at lower levels is expected to drive volume growth for jewellers over short to medium term. The demand for jewellery is expected to be significantly supported by the recent positive developments in the industry.

In the month of March 2022, the overall gross exports of gems & jewellery stood at US\$ 3393.29 million (Rs. 25872.83 crores), showing a decline of 0.46% in dollar terms (grew 4.33% in rupee term) as compared to US\$ 3409.07 million (Rs. 24798.33 crores) for the same period in FY 2020-21. Financial year 2021 -22 has been a bounce back year for the Indian gem & jewellery export sector. The overall gross exports of gem & jewellery from April 2021- March 2022 stood at US\$ 39.15 billion (Rs. 291771.48 crores), showing a growth of 54.13% in dollar terms (55.75% in rupee term) as compared to US\$ 25.40 billion (Rs. 187333.68 crores) in FY 2020-21, said Gem & Jewellery Export Promotion Council (GJEPC).

In the month of March 2022, the overall gross export of Cut & Polished diamonds stood at US\$ 2199.42 million (Rs. 16767.38 crores), showing a growth of 3.08% in dollar terms (8.020% in rupee terms) as compared to US\$ 2133.75 million (Rs. 15521.96 crores) for the same period in FY 2020-21.

Out of the total gem and jewellery exports, the cut and polished diamonds segment alone accounted for 62% or USD 24236.57 million, reflecting robust demand from the USA, UAE, Belgium, and Israel. Our industry has stood hand in hand with the export sector at large in fulfilling the Government's target, and some additional requisite policy support could unleash the industry's true potential.

Gems and Jewellery

The measures taken by the government to support the gems and jewellery sector include a reduction in import duty on cut and polished diamonds from 7 per cent to 5 per cent and an extension of Emergency Credit Line Guarantee Scheme (ECLGS) for MSMEs up to March 2023. Over 90 per cent of units in the gems and jewellery (G&J) sector are MSMEs.

Acceptance of personal surety bonds in place of bank guarantee for import of gold, replacement of SEZ Act with a new SEZ regime, and simplified regulatory framework for e-commerce in the next few months will facilitate G&J exports through e-commerce, ensuring that small retailers are able to ship their products overseas are other important measures taken to support gems and jewellery sector.

Gems and jewellery exports rebounded in 2021-22 to touch USD 39.15 billion, showing a nearly 55 per cent jump compared to the previous financial year.

Opportunities and Threats

In the coming years, growth in Gems and Jewellery sector would be largely contributed by the development of large retailers / brands. Also, the relaxation of restrictions of gold import is likely to provide a fillip to the industry.

Based on its potential for growth and value addition, the Government declared gems and jewellery sector as a focus area for export promotion. The Government has undertaken various measures recently to promote investment and upgrade technology and skills to promote 'Brand India' in the international market.

In Union Budget 2021-22, the government announced reduction on import duty for precious metals (including gold and silver) to 7.5%, from 12%, that will help the gems and jewellery exports market in India become globally competitive. The Bureau of Indian Standards (BIS) has revised the standard on gold hallmarking in India from January 2018 to include a BIS mark, purity in carat and fitness, as well as the unit's identification and the jeweller's identification mark on gold jewellery. The move is aimed at ensuring stringent quality check on gold jewellery. The Government has made hallmarking mandatory for gold jewellery and artefacts and a period of one year is provided for its implementation.

The demand for jewellery is expected to be significantly supported by the recent positive developments in the industry.

The jewellery sector in the country continues to remain poised for growth on account of its demographics as well as increasing urbanisation and income levels. The demand for jewellery is also expanding beyond the traditional marriage functions to a life style and fashion accessory as well. However, at the same time the traditional demand for jewellery continues to remain strong. The sector is witnessing changes in customer preferences due to adoption of western lifestyle and their demand for new designs and varieties in jewellery. Further, rising quality awareness of customers has also provided a fillip to the organized retail segment, which is banking on its 'reliability' and 'quality' to compete against the highly fragmented unorganized jewellers.

Demand for gems and jewellery in India is predominantly concentrated in the southern region. South India gems and jewellery market is likely to register growth over the course of next five years, primarily owing to the presence of a large number of market players and aggressive marketing strategies adopted by companies. Moreover, increasing brand consciousness along with rising middle-class population in the region is expected to aid the region's gems & jewellery market.

Gems and jewellery sector is facing various problems such as dependence on imports, changing fashion, imbalance growth of products, manual way of crafting, various problems regarding labourers, financial problems, procedural hardships and unemployment etc.

The Indian gems & jewellery industry has estimated an additional loss of 5 per cent in its exports on account of Coronavirus, besides a generally low demand due to economic slowdown. The sudden Coronavirus outbreak in countries like Japan, China and South Korea have also contributed to a sharp fall in demand and impacted some export orders to these nations.

The key reason behind the heavy impact on the gems and jewels industry was the shutdown of physical retail stores worldwide. Another cause is that the industry is a highly labour-bounded and export-oriented sector. The labourers shifted back to their native places, and export also went down.

Competition which has always been a challenge is countered by better quality and designs, branding, catering to changing customer demands / styles and cost control measures. Increasing prices of raw materials have affected and can affect the profit margins.

Performance

The Company operates into one segment only i.e Gems and Jewellery and has generated net sales of Rs. 446.85 Lakhs.

Outlook

Prior to the worldwide COVID-19 outbreak, research estimated the jewellery industry to reach \$480.5 billion by 2025. And, despite the challenges presented by the pandemic, (Watch and jewellery makers saw a 25% dip in sales in 2020), luxury spending is rebounding confidently and this sector shows no signs of slowing down.

Consumers are increasingly comfortable shopping online for jewellery more so since the pandemic and are much more likely to make high-ticket purchases online than five years ago. From 2012 to 2021, online jewellery sales increased by an average of 3.9% each year, with the market expected to reach £21.4 billion in 2022. According to Gartner L2, the share of online sales across the US and Western European jewellery sales doubled over 2019 to the detriment of brick-and-mortar brands. While the UK industry despite suffering tough trading conditions on the UK high street, not helped by 2020's lockdowns still looks to be thriving, largely due to the enduring demand for luxury goods.

An improvement in the macro-economic fundamentals is expected to ramp up demand by improving the overall consumer sentiment. The Company expects demand to pick up as and when the disposable income in the hands of consumers increases due to pick up in economic activity and various government initiatives. The company has a good mix of business activities to service the demands of consumers. We are well poised to effectively capture the growth opportunities in the coming years.

The management is optimistic of substantial growth in Company's business in the coming years.

Risks and Concerns

The nature of the Company's business exposes it to several inherent risks and concerns. The Company strives to closely monitor the risks and to mitigate them by adopting suitable, pragmatic strategies.

a) Bullion Risk: The volatility in the gold prices exposes the Company to bullion risk as gold forms approximately 30% to 50% of the cost of the finished product.

b) Raw Material Supplies Risk: Though India plays a dominant role in the Gems & Jewellery industry in terms of processing and consumption, mining of gold and diamond is amongst the lowest in the world. India imports gold and rough diamonds along with other precious metals.

c) Labour availability Risk: Gems and jewels industry is a highly labour-bounded and export-oriented sector. The labourers shifted back to their native places due to Covid-19 and lockdown, which resulted into non-availability of labour force.

d) Geographic Risk: Dependence on any geographic location makes the Company's business in that region vulnerable to the economic slowdown therein. While USA continues to be our prime export destination.

Business risks exist for any enterprise having national and international exposure. Tavernier Resources Limited also faces certain risks, the key ones being - a longer than anticipated delay in economic revival, decreased sales volume, competition, unfavorable exchange rate fluctuations, emergence of inflationary conditions, unexpected changes in regulatory framework and the overall economic climate and government regulations. The Company is well aware of these risks and challenges and has put in place mechanisms to ensure that they are managed and mitigated with adequate timely actions.

Internal Control Systems and their Adequacy

The company has set up an internal control system that functions at various levels of the organization. The system ensures compliance with the respective laws & regulations, efficiency of operations, optimum utilization of resources, disclosure and adequate reporting of financial transactions, proper administration at all levels of the organization.

Discussion on Financial Performance with Respect to Operational Performance

During the financial year 2021-22 under review, the Net Sales of diamonds / precious stones increased from Rs. 190.88 Lakhs in F.Y. 2020-21 to Rs. 446.85 Lakhs in F.Y. 2021-22, whereas the Company has earned a profit of Rs. 10.93 Lakhs as against loss of Rs. 38.81 Lakhs in the previous financial year.

Annexure III

TAVERNIER RESOURCES LIMITED NOMINATION AND REMUNERATION POLICY

1. PREFACE:

Tavernier Resources Limited (hereinafter called and referred to as “the Company”) believes in conducting its affairs in a fair and transparent manner by adopting highest standard of professionalism and good Corporate Governance Practices. The Company is committed to ensure that equitable remuneration is paid to all directors and employees of the Company. In order to attract and retain properly qualified and skilled directors and executives, to fill vacancies at all levels, it is the Company’s aim to maintain fair and competitive remuneration consistent with industry practices and all necessary regulations.

Nomination and Remuneration Policy (“the Policy”) has been framed in accordance with the provisions of the Companies Act, 2013 (“the Act”) and Regulation 19 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Company had constituted a Remuneration Committee (“Committee”) way back. The Company had already adopted a Nomination and Remuneration Policy as required under the provisions of the Companies Act, 2013 and the same has been replaced with this new Policy with effect from April 1, 2019.

2. AIMS AND OBJECTIVES:

This policy is intended to ensure that:

- i. All Directors and Executives of the Company are recognized and rewarded for their performance in a fair and equitable manner;
- ii. To ensure that remuneration paid to Directors and Executives is competitive, enabling the Company to attract and retain employees capable of meeting the Company’s needs and service delivery obligations; and
- iii. To reward Directors and Executives for achieving pre-determined Company, Departmental as well as personal / individual performance targets and goals.

3. APPLICATION OF THIS POLICY:

Directors, Key Managerial Personnel and other Senior Employees as may be decided by the Committee or Board of the Company, subject to the approval of members in the General Meeting for their appointment wherever applicable and subject to the provisions of the Companies Act, 2013 shall be remunerated in line with the service agreement.

4. DEFINITIONS:

Directors which includes Whole Time or Executive Directors, and Non-Executive or Independent Directors.

“**Board**” means Board of Directors of the Company as constituted from time to time.

“**Independent Director**” means a director referred to in Section 149(6) of the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time.

“**Key Managerial Personnel / KMP**” means “Key Managerial Personnel” as defined in Section 2(51) of the Act.

“**Senior Management**” means officers / personnel of the Company who are members of its core management team. The core management team includes Chief Executive Officer, Managing Director, Whole-time Director, Chief Financial Officer and Company Secretary.

“**Committee**” means Nomination and Remuneration Committee of Board of Directors of the Company, constituted in accordance with the provisions of Section 178 of the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Words and expressions used and not defined in this Policy, but defined in the Act or any rules framed under the Act or the Securities and Exchange Board of India Act, 1992 and Rules and Regulations framed thereunder or in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 or the Accounting Standards shall have the meanings assigned to them in these regulations.

5. GENERAL POLICY STATEMENT:

The role of the Committee shall, inter-alia, include the following:

1. Formulation of the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration of the directors, key managerial personnel and other employees;
2. Formulation of criteria for evaluation of Independent Directors and the Board;
3. Devising a policy on Board diversity;
4. Identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the Board their appointment and removal.

The Nomination and Remuneration Committee shall ensure that –

- (a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the Company successfully;
- (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- (c) Remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.

6. APPOINTMENT AND REMOVAL OF DIRECTOR, KEY MANAGERIAL PERSONNEL (“KMP”) AND SENIOR MANAGEMENT:

6.1 Appointment criteria and qualification

- i. The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or at Senior Management level and recommend to the Board his / her appointment on the basis of criteria laid down from time to time.
- ii. A person should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position.
- iii. Appointment of Independent Directors is subject to compliance of provisions of section 149 of the Companies Act, 2013, read with Schedule IV and rules there under.
- iv. The Company shall not appoint or continue the employment of any person as Managing Director, Whole-time Director and Manager who has attained the age of seventy years. Provided that the term of the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond seventy years.

6.2 Term / Tenure of Appointment

a) Managing Director / Whole Time Director / Manager

The Company shall appoint or re-appoint any person as its Chairman & Managing Director, or Executive Director or Whole Time Director or Manager for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

b) Independent Director

An Independent Director shall hold office for such term which should not exceed a maximum of five consecutive years on the Board of the Company, as may be recommended by the Committee and approved by the Board and shareholders and will be eligible for reappointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

A person shall not serve as an Independent Director in more than seven listed Companies, provided that any person who is serving as a whole time Director in any listed Company shall serve as an Independent Director in not more than three listed Companies.

The maximum tenure of Independent Directors shall be in accordance with the Companies Act, 2013 and rules made thereunder, in this regard, from time to time.

6.3 Evaluation

The Committee shall carry out evaluation of performance of every Director. The Committee shall identify evaluation criteria which will evaluate Directors based on knowledge to perform the role, time and level of participation, performance of duties, level of oversight, professional conduct and independence. The appointment / re-appointment / continuation of Independent Directors on the Board shall be subject to the outcome of the yearly evaluation process.

6.4 Removal

Due to reasons for any disqualification mentioned in the Companies Act, 2013, and Rules made there under or under any other applicable Act, rules and regulations, the Committee may recommend, to the Board with reasons recorded in writing, removal of a Director, Key Managerial Personnel or Senior Management subject to the provisions and compliance of the said Act, rules and regulations.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF TAVERNIER RESOURCES LIMITED**

Report on the financial statements

Opinion

1. We have audited the accompanying financial statements of Tavernier Resources Limited (the “company”) which comprise the Balance Sheet as at 31st March 2022, the Statement of Profit and Loss account, Cash Flow Statement for the year then ended, notes to the financial statement a summary of significant accounting policies and other explanatory information, which we have signed under reference to this report.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We have conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

5. The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

6. The Company's Board of Directors is responsible for matters stated in section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified in section 133 of the Act as applicable. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent and design implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from any material misstatement, whether due to fraud or error.
7. In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the Audit of the Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place adequate internal financial controls with reference to standalone financial statements and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors in the standalone financial statements.
 - Conclude on the appropriateness of management's and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a

going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with audit committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide with audit committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with audit committee, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls over Financial Reporting under clause (i) of subsection 3 of Section 143 of the Companies Act, 2013.

We have audited the internal financial controls over financial reporting of TAVERNIER RESOURCES LIMITED (Company) as at 31st March, 2022 in conjunction with our audit of Standalone Financial Statements of the Company as on that date.

Management Responsibility for Internal Financial Controls:

The Board of Directors of the Company, are responsible for establishing and maintaining internal financial controls based on the respective internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (The Guidance Note). These responsibilities include the design, implementation and maintenance of adequate financial controls that are operating effectively for ensuring orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the act .

Auditors' Responsibility

Our responsibility is to express an opinion on Company's internal financial controls over financial reporting based on our Audit. We conducted the audit in accordance with Standards on Auditing prescribed under section 143 (10) of the Act and the Guidance note, to the extent applicable to an Audit of internal financial controls over financial reporting. Those standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the Audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and such controls operated effectively in all material respects.

Our Audit involves performing procedures to obtain Audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our Audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating efficiency and effectiveness of internal control based on assessed risk. The procedures selected depend on the auditor's judgement including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that ,in reasonable detail, accurately and fairly reflect the transactions and dispositions of assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Company's assets that could have material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatement due to error or fraud may occur and not be detected. Also, projections of evaluation of internal controls over financial reporting to future periods are subject to the risk, that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanation given to us, the company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022 based on the internal financial control reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

TAVERNIER RESOURCES LIMITED ANNUAL REPORT 2021-22

CIN - L51909MH1994PLC193901

Notes to financial statements for the year ended 31st March 2022 (All amounts in Rupees Lakhs unless otherwise stated)

Company Background

Tavernier Resources Limited (hereinafter referred to as the 'Company') is a public limited company (listed on Bombay Stock Exchange) incorporated under the Companies Act, 1956. The company is engaged in the business of engaged into dealing & trading of Gems & Jewellery in Domestic market as well as overseas mainly into Exports of Cut & Polished Diamonds. The company is also engaged in trading of shares and Securities and into real estate

Note 1 : Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1 Basis of preparation and presentation

(i) Statement of compliance with Ind AS

The company's financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 issued by Ministry of Corporate Affairs in respect of sections 133. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations require a different treatment. The financials for the year ended March 31, 2018 of the company were the first financial statements prepared in compliance with Ind AS. The date of transition to Ind AS is April 1, 2016.

(ii) Basis of accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for - certain financial instruments that are measured at fair value in accordance with Ind AS.

(iii) Use of Estimates

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the accounting policies. This note provides an overview of the areas that involved a high degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

(iv) Critical estimates and judgements

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable
- Recognition of revenue

Ind AS 101 treats the information received after the date of transition to Ind AS as non-adjusting events. The entity shall not reflect that new information in its opening Ind AS Balance Sheet (unless the estimates need adjustment for any differences in accounting policies or there is objective evidence that the estimates were in error).

2 Summary of significant Accounting Policies

a Property, plant and equipment and intangible assets

All items of property, plant and equipment and intangible assets are stated at cost (i.e. cost of acquisition or construction) less accumulated depreciation / accumulated impairment. Such cost includes purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains / (losses).

Transition to Ind AS

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment and intangible assets as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities.

Hence, on transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets.

Depreciation and Amortisation:

Depreciation on Property, Plant and Equipment and Intangible Assets is provided using the Straight Line Method based on the estimated useful lives of the assets and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013.

Impairment

At Balance Sheet date, an assessment is done to determine whether there is any indication of impairment in the carrying amount of the Company's assets. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount.

An assessment is also done at each Balance Sheet date whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. If any such indication exists the asset's recoverable amount is estimated. The carrying amount of the fixed asset is increased to the revised estimate of its recoverable amount but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss is recognised in the Statement of Profit and Loss for the year.

After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the fixed asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on Straight Line basis over its remaining useful life.

b Revenue Recognition

Revenue from sale of goods is recognised on transfer of all significant risks and rewards of ownership to the buyer. The amount recognised as sale is exclusive of sales tax / GST / VAT and is net of returns. Income is accounted for on accrual basis.

c Inventory

Inventories are carried at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

d Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through Profit or loss), and
- those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

A company can subsequently measure all equity investments at fair value through Profit or Loss or

through Other Comprehensive Income. As the company's one of the object is to trade in shares and securities, the company subsequently measures all equity investments at fair value through profit and loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain / (losses) in the statement of profit and loss.

Security deposits

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the Company fair values these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit will be recognised as prepaid rent. Prepaid rent is recognised as an expense over the period of lease with corresponding recognition of interest income on the outstanding amount.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Derecognition of financial assets

A financial asset is derecognised only when:

- The company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the company has transferred an asset, the company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

e Transactions in Foreign Currency

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains / (losses).

f Trade receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counter party, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

g Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction (in accordance with the Income Tax Act, 1961) adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unabsorbed depreciation (as per taxation laws) only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred income tax is provided on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The Company has thus disclosed the Income Tax Assets / Liabilities on a net basis as the same is settled within the same tax jurisdiction, which is in line with Ind AS 12.

h Provision and Contingencies

The Company creates a provision when there exists a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

i Earnings Per Share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing: - -

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares

(ii) Diluted earnings per share.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

j Borrowing Cost

Borrowing cost includes interest costs incurred in connection with the arrangement of borrowings General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the

temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

k Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

l Segment reporting.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Board of Directors of the Company has been identified as CODM which also consists of key managerial personnel of the Company. Refer note 29 for segment information.

m Leases

As a lessee:

Leases of property, plant and equipment and intangible assets where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

n Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

o Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a

material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

p Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to nearest lakhs as per the requirement of schedule III unless otherwise stated.

Note 28: Disclosure under the Micro, Small and Medium Enterprises Development Act, 2006

As required by section 22 of the Micro, Small & Medium Enterprises Development Act 2006 there is no amount overdue to nay Micro, Small & medium Enterprises and hence no disclosure required.

Note 29: Others

Company had given loan to Mega Township LLP as per the agreement dated 4th August 2015 of Rs. 800 lakhs, on which interest accrued till 31st March 2019 was Rs. 329.94 lakhs. The company has received Original Title document as security from Mega Township LLP. However, Mega Township LLP has not repaid the ICD amount along with interest accrued in spite of repetitive reminder.

As per para 5.4.4 of Ind AS 109 'Financial Instrument, titled write-off, an entity shall directly reduce the gross carrying amount of a financial asset when the entity has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. Therefore, the management of the company have come to a conclusion and written off interest accrued portion which is Rs. 329.94 lakhs on 31st March 2020. The above decision is taken as to give the true and fair view of the state of affairs of the company.
